What the hell is Literally Hell?!

Literally Hell is a dark comedy cartoon series that is set in Hell! The show features three teenaged demon characters and they are Damien, Lucy and Mary. Together they go on adventures and all kinds of shenanigans in Hell!

Hell is a whole new plane of existence where humans fall into once they have died. The humans often get captured and end up being slaves for the demons. They usually are forced to work in farms.

Damien and Lucy are poor demon orphans who are always seeking out opportunities as often as they can. However there aren't many opportunities left. They need either food or money to survive. Even in Hell!

Context

Literally Hell is inspired by The Simpsons, particularly the Tree House of Horror episodes where The Simpsons would do parodies of horror films and stories.

The world of Literally Hell is a strange and surreal one where it's full of demons, monsters, ghosts and other demonic beasts. It's also an afterlife where no one is immortal and can be killed again.

The themes that are explored are a comedic interpretation of Hell with an Adult Swim-ish weird and dark horror tone of surrealism and an interesting set of side characters such as Marduk the Demon Wizard and Rachel the cute little Satanist.

Who I am

Hi there. My name is Robert Poller and I am the Writer, Animator and Creator of the animated web series Literally Hell. Literally Hell is a passion project of mine that I've been working on for many years and has managed to win some awards in some film festivals!

I studied animation at Leeds Beckett University from 2013 to 2016. I graduated with a Bachelor of Arts and ever since I pursued my passion for creating original comedy cartoons while working a variety of part time jobs and freelance work.

Potential Sequel

Even though Literally Hell is pitched as a single series there is a possibility of making more episodes as a second series and explore more about the Hell world! Especially that episode 10 could possibly end as a cliff hanger.

New characters can be introduced into the series as well as recurring ones. And would there be any form of salvation for Mary and her human friends? Will Damien and Lucy find a better future? Will Elliot overcome his grudges and alcoholism? Maybe even he can learn to love again.
